2016 CABERNET SAUVIGNON- *Margaret River*

Following on from our original vision, risky business utilises the decades of experience from grape grower and viticulturist Rob Quenby and vintner John Waldron. Since 2013 we have been sourcing fruit from Western Australia (primarily from the Margaret River region) and Victoria's King Valley, producing small batches of fine and distinctive wines from each area.

The Western Australian grapes come from Rob's vineyards that are managed by Quenby Viticultural Services, while the King Valley grapes are sourced by winemaker Andrew Vesey to produce delicate and flavoursome Prosecco, Pinot Gris and Sangiovese varietals.

Margaret River has an outstanding reputation for producing cabernet sauvignon, and our 2016 cabernet sauvignon is testament to that fact.

Production 345 dozen

Partner Rob Quenby - Viticulturist

Partner John Waldron - Vintner

Colour: Dense dark red to black colour of great intensity.

Aroma: Displays intense ripe berry aromas with underlying dusty and earthy characters

Palate: This wine has robust flavour and concentration in the classic Margaret River style. Intense fleshy and full mid-palate with beautiful dark cherry and blackcurrant flavours.

Fruit sweetness will become more apparent with bottle age.

Variety: Cabernet Sauvignon 100%

Fruit Source: 100% Margaret River.
